Technical Lead/Project Lead

We are looking for a **Technical Lead/Project Lead** with excellent skills in planning, designing, and implementing software solutions from end-to-end. You will be responsible for leading projects and executing them as per the requirements. You must have practical experience working in all phases of SDLC and should be willing to work in an agile environment. You will act as a mentor for other team members and manage a team of Senior Software Engineers, Software Engineers, Software Test Engineers, and Web Designers. You must have 5+ years of IT experience. This is a full-time position. Work would be done at our head office (Mapusa, Goa, India). If you are interested in becoming a part of a highly professional team, please send your resume with a cover letter to: careers@vishwamukta.com

Experience

- Must have a degree/diploma with a major in Computer Science or Information Technology
- Must have 5+ years practical experience in IT in all phases of SDLC
- Must have experience with Data Structures, Algorithms, and Object Oriented Programming
- Some exposure to agile project management and client interaction is a big plus

Required Skills

- Hands-on experience working with Microsoft .NET related technologies
- Excellent knowledge of .NET including ASP.NET/ASP.NET MVC
- Excellent knowledge of C# or VB.NET. Preferably C#
- Strong knowledge of PHP, MySQL and SQL Server
- Strong knowledge of Web Services such as ASMX, WCF, or Web API
- Strong knowledge of JavaScript, jQuery, HTML/HTML5, CSS/CSS3, JSON, and XML
- Excellent skills to clearly convey concepts and ideas both spoken and in writing
- Strong knowledge of AJAX, ADO.NET, Entity Framework, and Design Patterns
- Nice-to-have: MVVM, Knockout, REST, SOA, SAAS

Other

- Must be willing to learn new skills on a regular basis, both on and off the job
- Must be able to work well within a team, yet be able to work autonomously
- Must be able to work with team members of all skill levels, and must be able to listen to constructive criticism
- Must be able to work in a company with an open and casual work environment (self-management skills)
- Must have good attention to detail

Compensation

- We offer competitive salary and benefits
- Compensation/Salary will be based on experience, skill sets, and goals
